

APPARENTLY SNOW GOES UP as well as down. You can see the peculiar pattern formed by the drifting snow on a wall in the building in the background, which houses the L & M Cork Products at Mokena. The picture was taken from between a house and garage on First St.

AN ILLUSION--Actually the snow wasn't as deep as the telephone poles are tall. The camera angle just makes it look that way. For anyone who had to get out and wade thru the stuff, however, the height of a telephone pole seemed just right.

THIS STRING OF VEHICLES which stretched along U.S. 30 for about a mile west of U.S. 45 Saturday afternoon was waiting for word that the highway was opened to Chicago Heights. U.S. 45 was blocked by snow to the

north and south of Rt. 30 and Rt. 30 had been closed since early Thursday night from Joliet east and west. The semi-trailers finally began rolling again Saturday afternoon. (Graphic Newspapers photos)

Storm Socks Suburbia! Paralyzes Entire Area

These science fellows talk about regulating and controlling the weather and the people who believe that man's machines can cope with any situation, may have some very good theories but every once in awhile Nature takes a little time out from its routine affairs to put Men and Science in their places.

Last week was one of those times.

Snow began falling early Thursday morning, 4:30 in some places, after 5 o'clock in others, and it continued for 35 hours, accompanied by winds that sometimes attained velocities of more than 50 miles an hour.

Chicago reported 23 or 24 inches of snow; in some of the southwest suburbs it was more -- 26 inches at Tinley Park and Orland Park. At Joliet one source reported the depth at 12 inches, another 18. But such measurements have little meaning to the persons caught out in such a storm.

To them the depths of drifts is the depth of the snow they are familiar with. To them the snow may be five or six feet deep or 10, or 12 or 15 feet deep. That is the snow they have to contend with so don't give them that inch stuff. Persons stranded who elected to walk home waded knee deep, sometimes hip deep. Two feet would have been nothing.

It was a winter storm that will be remembered -- for a few years at least and then people will still recall it but won't remember whether it was in 1967, 1966, or 1968 -- somewhere around then,

they will say. But they will remember that this storm was a paralyzer.

Everything came to a standstill -- stores, offices, banks, industry and schools were closed -- no enough people could get out to operate them. Airports were closed, trains ran but off schedule. In the New Lenox, Frankfort, Mokena and Orland Park areas hundreds of cars and trucks were stalled in the Chicagoland area. The number ran into the thousands. Even the mail couldn't get thru in the area and rural carriers had to stay put.

Farm homes opened their doors to storm victims and at Orland Park transients were sleeping in the village hall. Funeral chapels, any place large enough to care for large numbers had their share of the storm-stricken.

Everything was socked in. Primary highways were closed and secondary roads were not even visible. It was Saturday afternoon before U.S. 30 was opened east of Frankfort and traffic was lined up for a mile west of the junction with U.S. 45 at noon on Saturday. U.S. 45 was still blocked north and south of Rt. 30.

Route 42-A south of Tinley was still shut Saturday. Mrs. Roy Feldner, who lives two miles north of U.S. 30 on 42-A said Friday night she had not seen a snow plow since the storm began. Mr. Feldner himself was caught in Tinley Park and couldn't get home. Mrs. Feldner gave shelter to storm victims Thursday and Friday. One couple who stopped there

until their clothing could be dried was Mr. and Mrs. Earl Rosinski of Lincoln Estates. They raise dogs and had to get there to take care of the animals. They walked the seven or eight miles Friday afternoon.

Frankfort, New Lenox and Mokena had their streets plowed out by Saturday but some of the thoroughfares at Orland Park were still closed. Orland Park does not have any snow plows of its own and hires the work done.

The Orland Park ambulance couldn't get thru to any hospital and a couple of emergency cases had to be transported by trucks wearing chains. Orland was cut off from everywhere for about 50 hours. Finally the Southwest Highway was opened to 111th St. and a meandering route was finally opened to Christ Community hospital.

Wolf Rd. between 143 and Mokena was finally opened Saturday but there was only room for one car in many places.

At Orland Park 26 inches of snow was reported.

At Tinley Park 200 Tinley High School pupils and teachers remained at the school Thursday night and most of Friday. Twenty members of a special education class and some teachers remained at Tinley Central Grade School Thursday night as did members of a similar class at Sedan Prairie school. The children were brought food there Friday via helicopter.

Tinley was still cut off from the outside world Sunday but resumed contact Monday.

WHEN SNOW reaches a depth of two inches at Hickory and Kansas St. at Frankfort persons whose vehicles are parked on the streets are required to move them, according to ordinance. Hickory St. is about 200 feet west of the

rear of the pick-up truck and the snow measured well over two inches at that spot or any other in the village. In fact if anyone had tried to take a measurement with a one-foot

ruler he probably would have lost the ruler. A lot of people failed to move their cars, however, and the picture shows the village's new snowplow couldn't get near curb lines. (Graphic Newspapers photo)

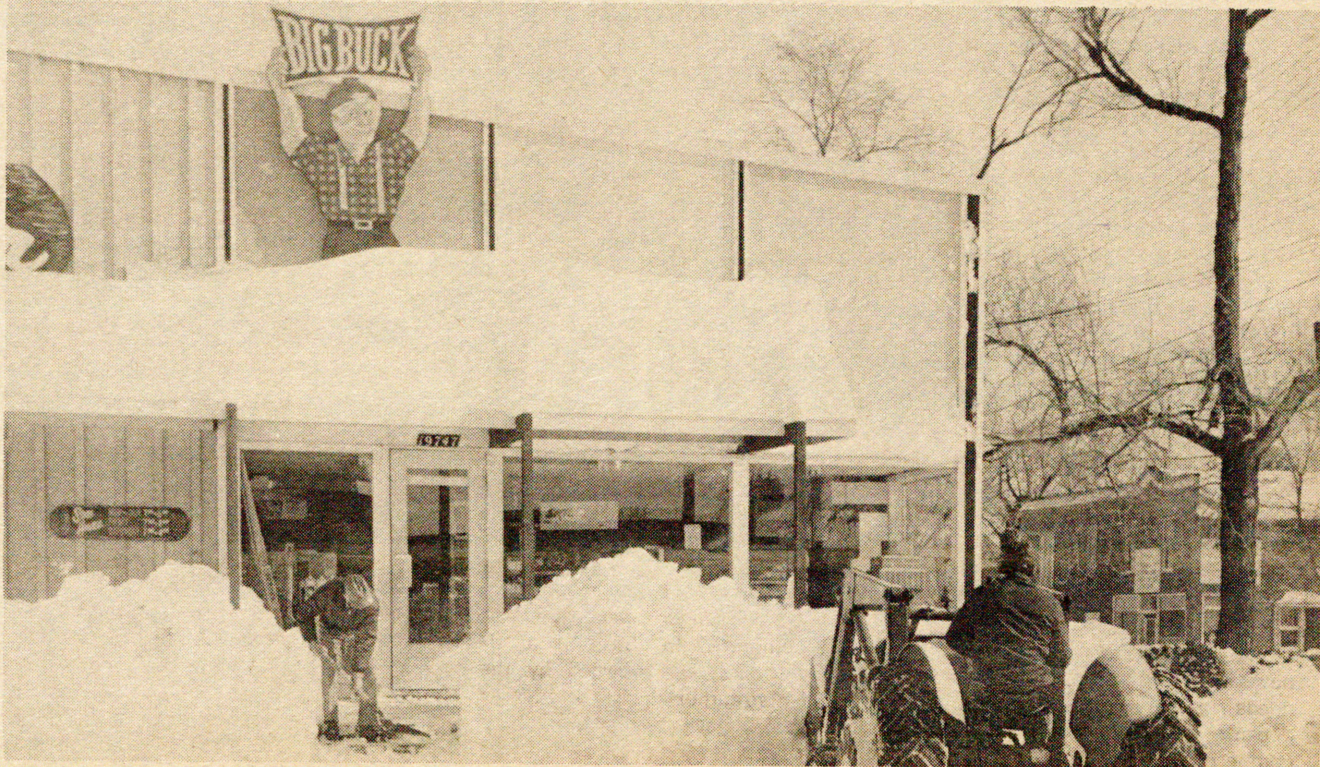

LOOKS INVITING, doesn't it? So do some stretches of quicksand. This is U.S. 30, looking east from the junction with U.S. 45 at Frankfort. It appears to be open but that truck and those cars you see weren't moving. They were

just sitting and the drivers waiting for word that the highway was open to Chicago Heights. This picture was taken at noon on Saturday but it was afternoon before the word came. There were hundreds of vehicles stranded in drifts

along U.S. 30. As a matter of fact the same could be said about any highway in the region. Tinley Park was still socked in Sunday morning.

FREE TO MOVE again--at least to New Lenox or Frankfort. When this picture was taken Saturday Wolf Rd. was open to U.S. 30 and 143d St. It was like driving in sand but by Sunday it had been plowed several times more and was hard packed and Rt. 30 was open both ways. (Graphic Newspapers photos)

CLEARING THE WAY for customers. Employees of Welsch Lumber Co., Mokena, got rid of the drifts that covered their parking lot on Saturday. A high-lift could take care

of the lot but those steps had to be cleared by the Armstrong Method. The shovel wielder is Elias A. Brown, head purchasing agent.

Entire Community Helps In Digging Out Process

JAMES PEYTON

Telephone: 432-1516

The people of Tinley Gardens are to be congratulated for the way they conducted themselves during this past snow storm, which by all accounts may very well be the snow storm of this century. We had no way to get out of the subdivision due to lack of equipment to move the snow so six of the local men walked to Tinley Park to get bread, milk etc., for the babies and small children in the community. It took Mr's Don Kalas, Carl Alpers, Bud Cummings, Dick Smith, Jerry Zeitz and Jake Bronkema about 5 1/2 hours roundtrip. As these supplies dwindled it became more necessary that we get more supplies so that the entire community decided that the only way we could get to town would be to dig ourselves out which about twenty-five of the men and a lot of boys did. We dug out about a full mile of snow off of 94th Ave. down to 175th st. so that we could get to Tinley Park. This job took approximately six hrs. of good hard steady digging before we reached our goal however

when we did, there was more of a feeling of togetherness than has been experienced in this community in a long time. This was just a sample clearing of the street and our township came thru the next morning and did a real fine job, however the equipment that they have as well as the equipment elsewhere is not adequate for a snow of the enormity of this storm. We also had a mother to be Mrs. James Hubbard of Lenore Lane air lifted by helicopter to St. Joseph's Hospital, Joliet as she was in a bit of a rush and no roads were open as yet. She had a 7 1/2 lb. baby boy within three hrs. after arriving at the hospital. Many of our men were stranded away from home and many of these braved the elements and walked many miles thru the big snow drifts in order to be home with their families at a time like this. The people of Tinley Gardens have proved themselves almost 100% effective in one capacity or another during an all out emergency, which just goes to show what we can do when we all work together.

As of yesterday, our ladies have started their bowling tournament with four teams and we will keep you posted on the progress and their standings etc.

The regular meeting of the Tinley Gardens Home-owners Assoc. will be at the home of Julius Sandy, 9307 Ethyl Lane on Monday, Feb. 5 at 8:00 p.m. Lets all come out as we have a lot of business to conduct and it concerns most of us.

Once again I wish to thank the entire community for their cooperation in removing the snow and getting in the food until such time as we were able to get the equipment in to do the finishing up job. This includes all of you kids too.

The Calvary Baptist Church of Orland will be celebrating their sixth anniversary this next Sunday, Feb. 5. The church originally started in Orland Park Public School but moved out on

94th Avenue and 175th St. in 1962. They have built a lovely two story brick church building seating about 200 and own a parsonage right next to it.

The church will be celebrating their anniversary with a series of special evangelistic meetings starting on Wednesday night and going every night through Sunday morning. Evangelist Phil McGlaughlin will speak. In addition to this, they will have special services commemorating their six years

of ministry in the community at 9:45 a.m. and 11:00 a.m. and 7:00 p.m.

The church has had a very good growth and is enjoying a good ministry in the surrounding communities. It is located midway between Tinley Park and Orland Park and has several additions both north and south of it. The main emphasis of the church is a strong Bible teaching ministry and an evangelistic outreach to all areas of the community.

fought their way home Thursday night and Friday on foot.

There was a report, which could not be confirmed, that a truckload of cattle caught in a drift on U.S. 30 east of

U.S. 45 was perishing thru exposure and lack of food and water.

So far as can be learned no one in the area was injured thru collisions. It is possible that some may be ill because of exposure.

CEWARD W. BATSON

Elect C.W. Batson Bank Board Head

Ceward W. Batson, 409 N. Cedar Rd., New Lenox, where he is in the real estate business, has been elected chairman of the board of the New Lenox State Bank, of which he was one of the founders 40 years ago. He served the institution as cashier for the first five years of its existence and has served on the board and in various official capacities since the bank was organized.

He succeeds the late John Handorf as board chairman. A son, Carl R. Batson, who is associated with him in home building, was elected a director.

Sheldon W. Hauck, New Lenox businessman, was elected president, and Archie Corps, a retired grocer who has been a director since the bank was founded, was elected vice president.

Ernest G. Oram Jr., a farm manager and wholesale coal dealer, was re-elected as a director and vice president. His father, the late Ernest Oram Sr., was also a director of the bank.

Frank E. Vranicar, head of the Vranicar-American Insurance and Realty Agen-

cy, Joliet, was re-elected director and secretary.

Dwight W. Egle was elected executive vice president and cashier. Since Egle came to the bank six years ago its resources have increased from \$3,200,000 to \$6,500,000 and its capital accounts from \$272,000 to \$505,500.

Robert J. McCleary and Frank J. Kluge were re-elected assistant cashiers. Gary J. Orler, who recently joined the staff, is manager of the installment loan department.

Thirty-one stockholders attended the annual meeting and were guests at a dinner served at the Bruns restaurant.

Among them were Mrs. Anne C. Francis, widow of Fred A. Francis, who was the bank's first president; also his son, Fred C. Francis, prominent farmer in the Wilmington area, and Attorney Albert H. Krusemark, Frankfort, one of the bank's legal advisers.

The bank has 17 employees.

Sixty Year Resident Dies

Funeral services were held on Wednesday, Feb. 1, for Walter R. Townsend, age 77, late of 14632 West Ave., Orland Park. Mr. Townsend died Jan. 27, at St. Francis Hospital, Blue Island.

Born Oct. 27, 1889 in Upwood, England, he had lived in Orland Park for the past 60 years.

He was a member of the Tracy - Danner, Masonic Lodge #810 AF & AM, a Chicago Chapter.

He was preceded in death by his wife Tessie, and one daughter, Myrtle Glahn.

He is survived by one son, Warren of Orland Park, and one daughter, Gladys Lucas, also one brother, Frederick of England.

Removal was to the Schmaedeke Funeral Home in Orland Park, where Masonic services were held on Tuesday evening at 8 p.m.

Funeral services were held at the Chapel on Wednesday, Feb. 1, at 10:00 a.m. with the Rev. Leon Leatherman officiating.

Interment was in Orland Memorial Park Cemetery.

Orland - - Town And Village - To Seek Aid For Fire Dept.

At a meeting of the Orland Park Village Council Monday night, attended by Orland Township officials, it was agreed that the two governing bodies would send a joint letter to residents of the township asking them to help support the Orland Fire Department.

The cost is now getting beyond the means of the village and the volunteer firemen themselves and while some of the people in the unincorporated area do contribute, not enough money is coming in from the outlying sections that are served by the department.

The letter has not yet been

composed but the plan is to have it ready for mailing about Feb. 15.

Village Attorney Raymond Pieper was instructed to prepare a form the village file as a supplement to its request for federal funds to meet the cost of a comprehensive plan for the growth and development of the area. These funds are administered thru state officers and they have informed the various municipalities that there are more requests for money than there is money available and so the request will be placed on a priority basis.

Snowed Out - - Report Tornado Touched Down In Gr. Garden

The Lincoln-Way High School Band Concert, which was scheduled for last Sunday, Jan. 29, had to be cancelled because of the inclement weather. The new date of the concert is Sunday, Feb. 5, in the high school auditorium starting at 3 p.m., and is open to the public.

All Lincoln-Way band graduates are invited and urged to attend this free concert, and may reserve two free tickets by calling the high school.

Tickets for the general public are available from Lincoln-Way band members and will also be sold at the door.

A few days before the blizzard last week there were severe thunderstorms that hatched tornados in various sections of Illinois and other states.

One tornado is reported to have touched down in Green Garden Township. It demolished a silo and some trees on the Siegfried Beckman farm, and ripped the end off of a barn across the road to the east of the Charles Patton farm.

No one was injured but the families were disturbed by the rush of wind and the sight of debris whirling by the windows.

And next the snow.

Feb. 10 New Deadline For Frankfort Tags

The snow storm that struck last Thursday and Friday caused a lot of trouble and hard work but it also gave Frankfort automobile owners a break.

Feb. 1 was the deadline for the purchase of village vehicle stickers but village officials found themselves crowded with so many other duties because of the paralyzing storm that they had no time for the sale of stickers, even if any residents had been able to get to the village hall.

So the deadline has been extended to Feb. 10. Up to that time the prices are \$3 for scooters, \$5 for cars and pick-ups, and \$7.50 and \$10 for heavier vehicles. Beginning Feb. 11 the prices will double to \$6, \$10, \$15 and \$20.

Jake Guth, an insurance broker, was introduced as a new member and Keith Thackery, new operator of the Texaco station at 45 & 30, was introduced as a guest.

Following the business meeting the Chamber members toured the Superior Match Co. plant. It was pointed out that the plant has been operating on three shifts for several years and is the largest of the three plants owned by the company and is the largest in the United States. Millions of matches are produced daily in the Frankfort plant. The machinery used is also produced in the plant.

Acquaints Frankfort C.C. With Grade School's Needs

At the Frankfort Chamber of Commerce meeting Jan. 25, Supt. Leroy M. Olson, of the Grade School Dist. 157-C, distributed information concerning the referendum Feb. 11. The Board of Education is asking support for an increase in the Educational Fund tax rate of 21 cents, from the present 90 cents per \$100 of equalized assessed valuation to \$1.11.

The Frankfort district now has more pupils and needs more teachers but doesn't have the money to compete with other schools for staff members, nor to meet other rising costs.

Jim McLemore, chairman

of the dance committee reported that April 1 has been selected as the date for the annual dinner dance, at the Veterans Memorial Building. Henry Beutel's orchestra will provide the music and tickets will be \$5 a couple.

Burton Breidert reported on the progress of the village beautification and planting committee. He said that the final plantings on Kansas St. would be completed in the spring.

The Chamber also authorized the committee to erect a sign at the corner of U.S. 30 and 45 in keeping with the 1890 theme, designating the Village of Frankfort.

INVITATION TO BID

The State of Illinois School Building Commission will receive bids for the erection of a school building located at 14800 W. 100th Avenue, Orland Park, Illinois.

Sealed proposals for the above work will be received by the Illinois School Building Commission, Room 224, Marycrest Plaza Building, 2112 West Jefferson Street, Joliet, Illinois, until 8:00 P.M. Central Standard Time, February 13, 1967, and will be publicly opened and read at that time.

Separate proposals will be submitted on the following categories of work: (1) General construction; (2) Plumbing; (3) Heating and Ventilating; (4) Electrical; (5) Folding partitions; and (6) Movable partitions.

The successful bidder will be required to furnish a performance and payment bond satisfactory to the School Building Commission in the full amount of the contract price. Cost of said bond will be paid by the contractor.

Plans and specifications are on file and may be obtained at the office of the architect, Cone & Dornbush,

100 North LaSalle Street, Chicago, Illinois, or at the office of the School Building Commission. Copies of plans and specifications may be obtained from the architect upon payment of the customary deposit.

Eash proposal must be accompanied by a bid security in the form of a certified check or bank draft, payable to the Illinois School Building Commission, in an amount not less than 5% of the bid. All deposits will be returned to the bidders upon rejection of their bid or immediately after award of contract has been made.

No bid may be withdrawn after the scheduled closing time for receipt of bids or for a period of thirty days thereafter. The School Building Commission reserves the right to accept or reject any or all bids, to waive any informality in bidding, and to award a contract in the best interest of the State of Illinois.

Plan J.C. Dist. Mass Meeting: List Area Precincts

A public meeting to discuss the proposed establishment of a Class I Junior College District is scheduled for 8 p.m. next Thursday night, Feb. 9, in the Lincoln - Way High School auditorium.

The meeting has been arranged thru a committee of proponents of the junior college idea who reside in the Lincoln - Way High School District.

Announcement of the impending meeting was made by Ronald Whitaker, New Lenox businessman, who represents the Lincoln-Way District on the Central Committee to Establish a Class I Junior College District. He said that he did not know yet who the speaker was but expected that it would be Attorney Kenneth Timm, of Cherry Hill, chairman of the Central Committee.

The speaker will also answer any questions that members of the audience may have, Whitaker said.

Similar meetings, but on a smaller scale will be held the night of Feb. 14 at Mokena and New Lenox. The Mokena meeting will be held in the Willowcrest School and in Oakview School at New Lenox.

The state legislature had decreed that the public shall support a junior college program. A Class I district has its own board of education and it received more state aid than a Class II or a common school junior college, it was explained. A Class I district can get up to 75 per cent of the cost of building a college and the state will pay \$11.50 an hour toward the cost of a student's tuition.

High school districts not included in a junior college district must still pay tuition charges for residents who attend a junior college. This could deal a fearful financial blow to the educational fund of a high school, it was pointed out. Those favoring establishment of a Class I Junior College Dis-

trict say the one planned for Will and sections of Grundy, Kendall and Kankakee counties can be operated thru a tax rate of 9.5 per \$100 equalized assessed valuation.

In brief, proponents of establishing the area college claim that it would be much cheaper for the taxpayers.

The referendum on the college is to be held Feb. 18, from 6 a.m. to 6 p.m. To carry the proposition must gain a majority in the incorporated as well as the unincorporated areas and also carry in Joliet Township District 204.

County Superintendent Boyd Bucher, who is in charge of the election, has announced there will be 82 precincts in the entire proposed district.

Polling places in the Lincoln-Way District are:

Pct. 67--Haven School, S. Cedar Rd. and Haven Av.,

New Lenox to serve all the voters residing within the Village of New Lenox.

Good Guys Predominate!

The emergency resulting from last week's blizzard, (which the weather bureau says was not a blizzard because it lacked a degree or two from being cold enough) the majority of people responded with generous, unselfish actions to relieve those in trouble.

Hundreds of stranded motorists found shelter and food in farm houses. The Baskerville and Gerardi Chapels at New Lenox and Frankfort along U.S. 30 gave shelter to some 70 persons.

Farmers braved the storm and drifts with their tractors to haul cars out of drifts and ditches and none of them asked for money. In fact they refused to accept it when offered. Persons who spent a couple of days in farm houses took up collections

and left the money when they departed.

A resident of Arbury Hills, outside Mokena, in need of insulin, called Daniel Kurbur, owner of the Mokena Pharmacy. Kurbur, caught by the storm Thursday remained until Sunday before he could get home. At the same time he had another call from the mother of a sick child. Blaine Saxton, Mokena sewer contractor delivered the insulin when he dug out the driveway so the mother could get the child to a doctor. Township and county snow plows cleared the roads of the subdivision but most driveways were deep with drifts and plugged by plows.

Road crews worked unsparingly. Before the end machines as well as men were exhausted. Police units of all levels as well as fire fighters also helped to get the situation under control and crews of the gas and electric companies also put in long hours. And the public would like to give all those people their thanks.

It is too bad that one also has to relate there were people who wore black hats.

In contrast to the farmers who hauled stalled cars out of ditches and drifts without compensation, too many of the stranded motorists reported that commercial tow-ers were demanding \$40 and \$50 to pull out a car.

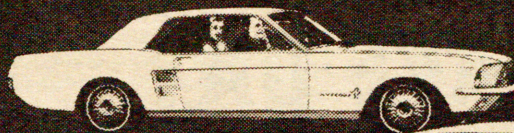

One motorist who finally found shelter in a farm house said he stopped at a motel in this area and when he arrived there were some 10 or 12 persons in the office, bidding for beds, and as a result the going price was \$35 a bed and four persons were being assigned to a room.

A stalled milk truck near Frankfort was reported charging \$2 a gallon for milk. There was also a man parked along the road near Orland Park selling cartons of milk at 62 cents a quart. He had a carload. Not everyone offered a chance to buy the milk would pay such a price. They did stop long enough, however, to tell the vendor what they thought of him.

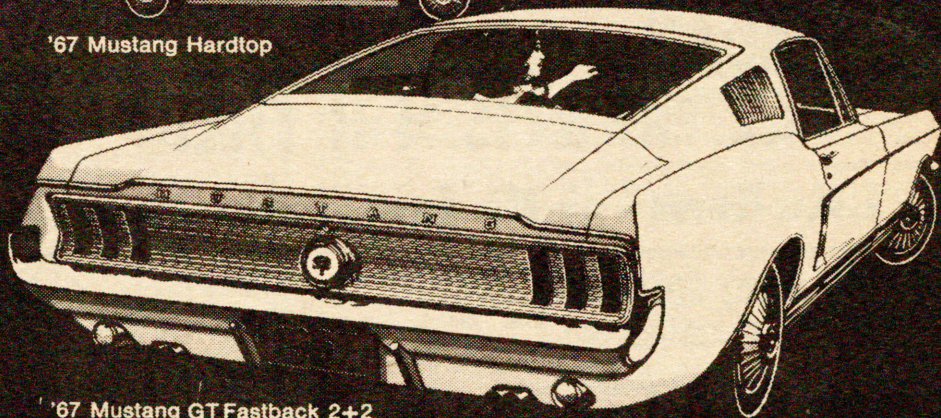

AMONG THE 28 licensed Practical Nursing students at Oak Forest hospital recently awarded their caps were (l to r) Karen Mutsch (Mokena); Barbara Hipps (Burnham); Dorrine Hoyt (Schoolcraft, Mich.); and Betsy Smart (Atlanta, Mich.). The ceremonies, conducted by Miss Dona Herbst, (right); the school's educational director, marks the completion of the first sixteen weeks of training for the group. (Leland photo)

Set Public Meeting On Jr. College Referendum

High School District 230 (Sandburg - Stagg) will hold a public meeting at 8 p.m. Monday, Feb. 6, in Amos Alonzo Stagg High School, 111th st. and Roberts Rd., to explain the proposed junior college for the southwest suburban area.

William S. Nebe, 12833 S. 82nd ct., Palos Park, and George Strobel, 9005 W. 92nd

st., Hickory Hills, co-chairmen of the citizens' committee for District 230, will conduct the meeting. William Fisher, superintendent of District 230, will also speak on the proposal.

The proposed Junior College District includes six high school districts. They are: District 217 (Argo Community High School), District 218 (Eisenhower-Richards High Schools), District 220 (Reavis High School), 229 (Oak Lawn Community High School), 231 (Evergreen Park Community High School) and District 230.

With the date for the referendum to establish the Junior College set for Feb. 18, members of the citizens' committee are making every effort to reach the public with the story of their study. The committee has been meeting for well over a year, studying the area, the residents, the need for facilities of higher education, the tax base, and

the new law (Public Junior College Act of 1965) which offers substantial financial aid to local junior colleges.

Residents are urged to take the opportunity to learn the facts about shortages of college space in Illinois public institutions, and the state plan to fill the need through the junior colleges. Members of the citizens' committee will answer questions at the meeting. The polls will be open from noon to 7 p.m. Feb. 18.

Two Landees Break Fellow Worker's Fall

In Joliet last week, B.S. (before the snow) a LaGrange man, Charles Stafford, 32, fell 16 feet when a scaffold broke and dropped him into the basement.

He had a hammer in his hand when he fell and he had a hammer in his hand when he landed -- on two fellow workmen.

One of the landees, W. J. Cobb, 29, of 18366 S. Lenore St., Tinley Park, was raked across the mouth with the hammer. Three stitches were required. The other man who cushioned Stafford's fall was Robert Victory, 31, of 15037 Highland Ave., Orland Park.

None of the trio suffered serious hurt. They are employed by Triad Construction Co., LaGrange Park, a subcontractor for the Housing Authority of Joliet senior citizen project along the drainage canal.

Set Day Of Meditation

Mrs. Claudine Whittaker, of the First Church of Religious Science, Chicago, will be the resource leader at the Thursday, Feb. 2, "Day of Meditation" at the Community Center Foundation Southwest Hwy. at 127th st., Palos Park.

The monthly gatherings are held from 10 a.m. to 2 p.m., with coffee served to all guests.

OYA Dance

The Orland Youth Association will hold a dance at Silver Lake Country Club Feb. 10. Dancing is to begin at 9 o'clock. Tickets are \$1.50 per person and proceeds will be used to further projects of the group.

GOP Essay Contest

The second annual Lincoln Day Essay Contest, sponsored by the Will County Republican Central Committee, gained momentum as students thruout the county received rules and entry instructions from their teachers.

According to Thomas Feehan, Republican Central

Everyone is urged to attend.

Mr. and Mrs. Richard C. Englehardt, 534 South East Avenue, Oak Park, are the proud parents of an 8 pound baby girl, Ellen Elizabeth, born Jan. 18 in Passavant Hospital, Chicago.

Richard, son of Mr. and Mrs. Rudolph C. Englehardt, is a junior executive with Scribner Realtors of Chicago.

Committee chairman, the contest is open to all Will County students in the sixth thru eighth grades. Theme for this year's contest is "What Lincoln Means to Me."

The contest is conducted on a completely voluntary basis and students may enter individually or, if their teacher chooses, on a class basis.

A total of \$175 in U.S. Savings Bonds awaits the winners again this year. First prize is a \$100 bond, second place gets a \$50, bond and the third-prize winner will receive a \$25 bond. In addition, the first, second, and third place winners and three runners-up will receive special certificates.

Judges from Will County's three colleges will review all entries and winners will receive their awards at a special ceremony tentatively scheduled in early March.

Entries are limited to 500 words and must be received at the Will County Republican Headquarters no later than noon, Saturday, Feb. 11. Entries mailed in must be postmarked by noon Feb. 11 to qualify.

Students who may not have received copies of the contest rules from their classroom teacher may get copies or additional information at the Republican Headquarters, 32 West Van Buren St., Joliet.

Feehan indicated that response to the 1966 contest has promoted the Republican Central Committee to sponsor the contest annually.

Marley

Many Stranded In Storm

MRS. VIRGINIA SASS
Telephone: 485-6424

Many Marley people joined the scores of others who commute to Chicago every-day and were unable to return to their homes during the blizzard on Thursday and Friday. Several who are employed locally and in Joliet were also unable to get to their homes. Many were still stranded Friday night. Among these were Mr. and Mrs. Victor Zaloudek who took refuge with nearly 100 others in the Doctor School on 159th St. Luther Schilling, superintendent of Homer School, Dist. 33-C, shared a motel room at Rts. 6 & 7 with Francis Nelson of Marley. William Dudlcek joined an isolated group in a gas station at Rts. 45 & 6. Melvin Berndt reached 144th and Rt. 45 and took shelter there in a gas station with standing room only and no food for two days. Mr. and Mrs. Wilbur Cearfoss were unable to get to their home. Edward Sproat, Henry Volz and Ted Grimm returned to their homes Friday evening after spending a night & day in New Lenox.

Some who were fortunate enough to follow a snowplow, made it home. Many had to leave their cars snowed in on the highways and walk several miles to their homes.

Victor Chudy, Parker Rd., walked two days from 84th St. in Chicago, and reached home Saturday noon.

The Marley Woman's Club will meet at the Silver Cross Nurse's Home on Feb. 9, at 9:30 a.m. for an all day sewing session. Members are to bring their own sandwiches for lunch. Dessert-coffee will be served by the hostesses, Mrs. Clyde Flake and Mrs. Glenn Smith. Members are also each to bring a handkerchief for a Valentine exchange. Secret pals may be remembered with valentine, if so desired.

The Twelve Trumps will meet at 8 p.m. on Feb. 7, at the home of Mrs. Otto Moravec.

Mrs. Junios Elmore is a patient in the Silver Cross Hospital.

Youth Sunday will be observed in the Marley Community Church on Sunday, Feb. 5, during morning worship at 10:30 a.m. The service and communion will be conducted by the young people of the church.

GERALDINE LUBWAY--
Mrs. Geraldine Lubway, 220 W. Francis Rd., New Lenox, received an outstanding performance rating from Brig. Gen. B.R. Luczak, commander, US Army Ammunition Procurement and Supply Agency, Joliet Mrs. Lubway is a secretary at APSA.

JEAN YANG -- Mrs. Jean (Richard) Yang, 10021 W. 146th, St. Orland Park, is one of five operators who operate a restaurant featuring mandarin food, arranges traditional ancestor's table for restaurant's three day Chinese New Year celebration from Feb. 9 - 11.

Scout Members Going Up!

David Miller, Council Chairman of the Rainbow Boy Scout Council's Organization & Extension Committee announced that on Dec. 31, 1966 the boy membership in this three-county area of Will, Kankakee, and Grundy counties, totaled 6,666, an all time high in the Council's history. The boys enjoyed programs under the leadership of more than 2500 adult volunteer leaders.

These boys and young men were distributed as follows: 3,559 Cub Scouts, a program for boys in the 8 - 10 year age level in 92 Cub Packs; 2,300 Boy Scouts, age 11 thru 13 in 101 Scout Troops; and 807 Explorers, high school age young men in 44 Explorer Posts. This is a total of 237 units.

This represented a 6.6% increase over the 6,249 boy membership on Dec. 31, 1965. In 1956 there were 4,492 boys in 146 units. In 1961 there were 5,353 boys in 205 units. These boys represent all races, creeds, and economic levels. Much progress has been made in recent years to open doors and recruit leadership in the so called low economic areas. The Illinois Youth Commission uses Scouting programs in its Kankakee, Wilmington, and Channahon camps. The positive ideals of character building, citizenship training, and physical fitness, the primary goals and objectives of Scouting, are incorporated in the camp programs under trained adult leaders.

Chairman Miller said that in spite of the continued growth of Scouting in this area that only one of each four boys of 25% of the available boy crop were enrolled even though fact surveys indicate that 3 of 4 or 75% of all boys wished to enjoy the benefits of Scouting. He stated that a higher percentage could be served when additional adult leaders of good character, interested in giving of their time, talent and energy, come to be recruited in behalf of service to boyhood.

New Trier Swimmers Too Much For Sandburg Team

BY MARK JOHNSON
New Trier East showed their true strength as they swamped the Carl Sandburg varsity swimmers 69-36 and the junior varsity 75-17.

New Trier's nine-lane pool gave Eagle swimmers an opportunity for many time trials in exhibition. Considering New Trier's prominence and experience, Sandburg swam well, taking some firsts.

Along with double winner Terry Brazel who took first

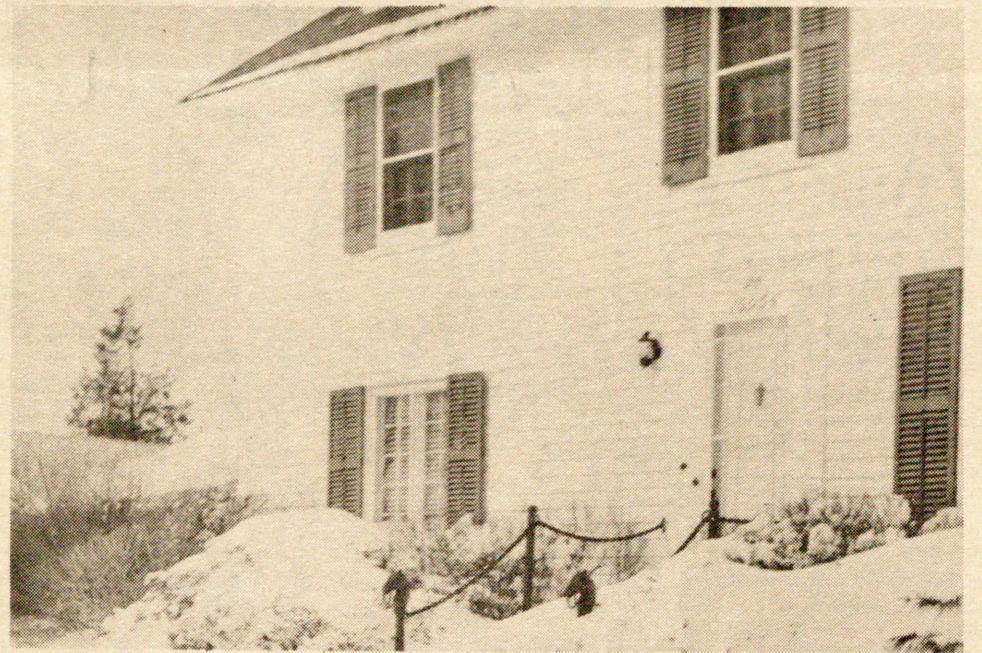

in the 200-yd. freestyle and the 100 yd. fly, Jim McNaughton placed second, missing first in the 100 yd. backstroke only because of a bad turn and a last minute touchout.

Others who placed second were Jan Groenwald in the 50 yd. freestyle; Casey Kaptur in the 200 yd. individual medley; and Tom Johnson who scored 84 points in diving. Tom has had no past diving training but did extremely well, coming within

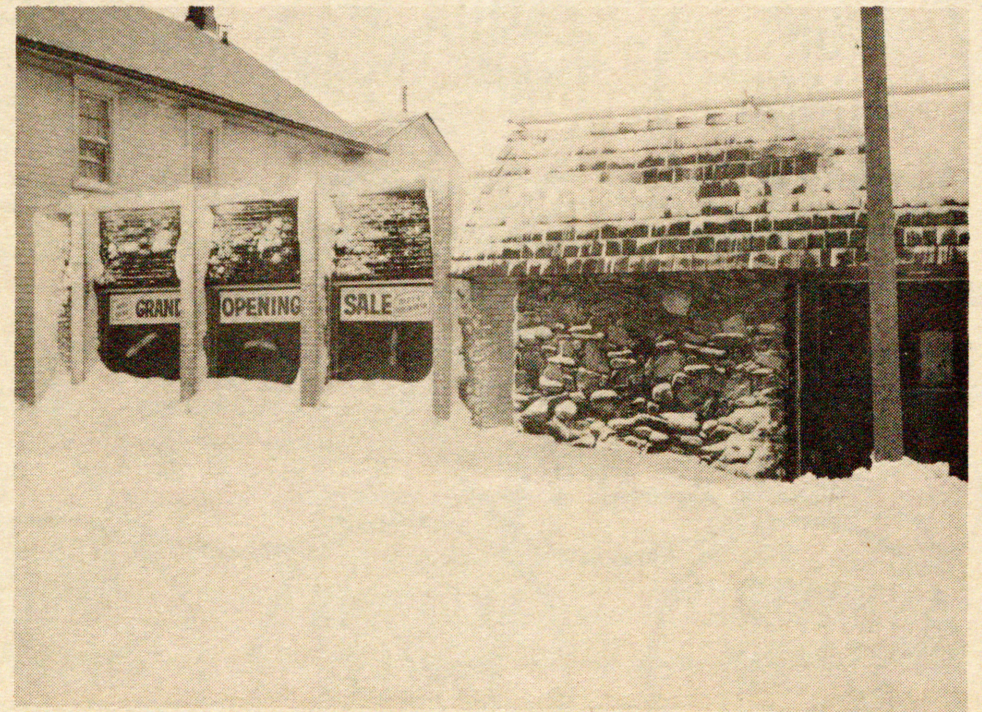

five points of New Trier's best diver.

Sandburg's freshman placed ninth out of 13 schools at the Hinsdale freshman swim meet. The host, Hinsdale Central, scored 73 1/2 points to win the largest meet of its kind in the state.

Mark Kaptur bettered his records at Sandburg by breaking his old record in the backstroke and individual medley. He placed third and fourth in these events at Hinsdale.

ANYONE WHO could reach this front door--the house is on First St., Mokena, would have needed legs as long as the two iron hitching posts which guard the lower step.

DRIFTS ON FRONT ST. at Mokena almost reached the top of the windows of the new Mokena Pharmacy. Dan Kurber, the owner, made no attempt to get home Thursday night. It would have been useless anyway. He remained at the store until Sunday when the right combination of opened highways permitted him to leave. The ill felt more secure to know there was a pharmacist on duty 24 hours a day.

Pleasant words...sweet to the soul.—(Prov. 16:24)

When we awake in the morning, let us turn our thoughts to pleasant things. Let us ask God to cleanse our heart of irritation and quicken within us the desire to be loving toward everyone. When we put forth the effort to be cheerful and pleasant, and develop a pleasant outlook toward life, we can develop a good disposition and help make life worth living for those around us.

No date has been set for the wedding.

20 years from now the electric heating in your home will still be one of the brightest ideas you ever had.

Only an electric heating system will be just as modern in twenty years as today. It will probably outlast your mortgage. (No other heating system can make that statement.)

Electric heat has other things going for it, too. Like flexibility, cleanliness, economy of installation, silence, trouble-free operation, odorlessness, and five different types of systems to choose from.

All of which adds up to keeping your home bright and modern for many years to come. And electricity is making it possible. Check into electric heat... the modern heat.

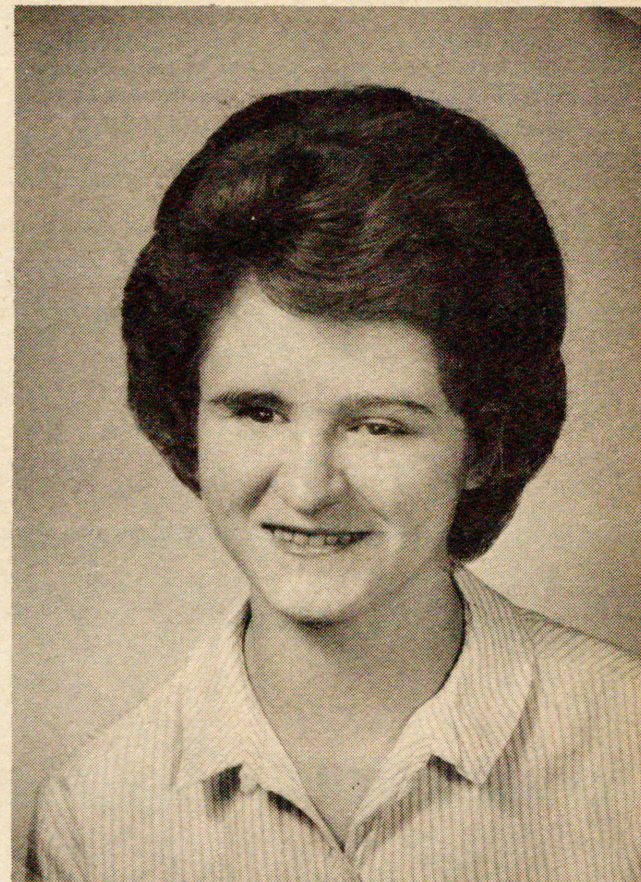

For further information call our nearest office.
